

Privacy Policy

Introduction

The City of Savanna is committed to maintaining your online privacy. The City of Savanna On-Line Privacy Policy applies to data collected from the City of Savanna website, including all City departments.

We do not collect personal information without your permission. Any information that you volunteer or that we send to you in response is transferred using industry standard encryption technologies.

The following explains the City's privacy policy for all visitors to the Savanna-IL.gov domain.

Information Gathering and Cookies

If you visit our website to read or download information, such as events schedules, forms or permits, we capture and store only the domain name of your computer (for example, aol.com) and other related information to speed up the performance of web page delivery. All information is deleted from your cache memory when you close the session and leave our site. We collect no other personal information.

We do not use or set cookies on our website to store any information on your personal computer hard drive.

A cookie is a very small text file inserted onto your computer by a website that you visit. When you return to the website, the cookie is then read by the site's web server. Cookies are used for many things, from making web sites more personal to tracking your web browsing habits.

Sending the City of Savanna Email

We value your feedback. If you send the City an email with questions or comments about our programs or services, we do collect your email address and any other information that you volunteer. We do this to improve the content of our website, and occasionally, to customize its content for the individual user.

Sale of Data

We do not sell data for direct mail or advertising purposes.

Other Web Sites

This site contains links to other sites. The City of Savanna is not responsible for the privacy practices or the content of such sites, which include the Savanna Chamber of Commerce, the Savanna Public Schools, the Wikipedia Website, the Illinois Department of Natural Resources, the Sterling Codifiers, and the West Carrol Schools Website.
